LOT 1 GARWOOD DONOR 4527

FEMALE CALVED: SPRING 2008 TH-FREE / PHA-FREE

Dam: **Mimms/GK Donor N-117** (Ground Zero x Jack Frost)

AI 11/06 to Fu Man Chu - PE 11/22-1/20 to Chocolate Milk - Safe AI - Est. due 8/16

Our 16th offering is filled to the brim with quality and opportunity. We love to sell legends and leaders, cattle that succeed for you, lead to good friendships, and ultimately bring you back for more. This is one of those cows.

- » Donor 4527 is the all-time highest-selling, full-interest cow in the history of this event when she brought \$60,000 to Garwood Cattle in our 2012 auction. From that point, she has turned into a mainstay of success so it's only fitting that we start with her this year. She's earned it.
- » An awesome performer in transplant - lifetime average of 14.66 embryos - Donor 4527 has yielded crop toppers nearly every season Her most famous son was by Fu Man Chu when he won multiple banners for the Nikkel family, KS, in 2017 including Grand at the Kansas Classic and the Kansas Expo plus 3rd Overall of the National Western.
- » Other calves include a \$10,000 daughter by I-80 to McLemore Farms, OK, a pair of \$9,000 sons by Stud Monkey, a great producer for Hummel Cattle, PA, and several steers in the \$5,000-10,000 range, many for resale.
- » A daughter of the legendary N-117 cow - dam of a Ft. Worth Grand Champion Steer plus two other class winners and the Champion Chi Heifer at Houston - this cow is a sister to great bulls like Chocolate Milk and several elite donors in the Mimms lineup.
- » She looks as good as ever - think Raquel Welch in her fifties - is bred up perfectly and she will fill your tank with gold before you know it.

- » We've got great and PROVEN donor options lined up for you this spring! This full sister to a former Ft. Worth Grand Champion Steer has developed into a great producer and she has flushed well enough to share. She is another elite daughter of the great N-117 cow that also produced Lot 1 and winning siblings to this cow like a Class 11 winner at Ft. Worth, bulls like Chocolate Milk, and Macie McCollum's great Chi heifer in 2013.
- » This cow can really raise them. Please go see her sons before the sale – they will highlight our 2020 Sires Unlimited Sale – and remember that she has placed calves in the Mimms Club Calf Sale each year of production plus Kenny Patin, TX, purchased a top daughter here a year ago.

- » When embryos are available from this explosive beauty they bring 4-digits, and we are keeping a high-potential heifer from her that she weaned at catalog time.
- » We said we would sell this cow as part of our 15th anniversary "choice lot" a year ago but she came up lame just before the auction. She is fine now and we are keeping our word. Enjoy.

Friends and Essential Food Producers:

Thank you so much for your interest and support of our Donors Unlimited program. 16 years of great business, with many relationships that date to our very first event, tells us - and you - all you need to know about how we do business and the type of cattle we sell. We do what we love and love what we do, and we're guessing you're doing the same.

Despite current world events, we could not be more excited about the cattle that we will present to you this May 23rd in our 16th Share the Future Sale, our flagship event each year. Recommended health and sanitation guidelines will change some of the ways we interact and host you at the auction, but it will not detract from the quality of the cattle we will offer or the positive

impact we know they will have on your program.

So much thought and effort has gone into developing this sale offering which is, as it should be if our genetics are working, the best we have ever offered. It's hard to think of a better time to add quality at reasonable prices; now is one of those times that you make those purchases that you look back on in five years and say "Can you believe she only cost that?". Buy the best at your prices, put in the work, reap the rewards. These cattle will do it, they cannot be more proven.

The Donors Unlimited program is one of the most gratifying things I have been involved with. The folks are great, the cattle work, people have fun with them and reach their goals, and we do

great things together. Thanks to your help and that of the DU Team, we have now been able to award more than \$46,000 to aspiring livestock producers and a portion of every purchase you make this May 23rd will go toward more scholarships this year. It's awesome.

We will try to do business much the same this Spring. Some things will look a little different at the auction - a little more space, some protective gear, a little less food, a shorter auction - but much will be the same, and we're proud of that.

Bid on the seats, online, or on the phone. We are here to help.

Stay safe and healthy and prepare now for the great rewards to come. It won't be long.

Craig Reiter and the Donors Unlimited Team

» When we say "Share the Future", we mean it! We said that in 2017 when Open Bar Cattle, TX, selected the full sister to this heifer for \$15,000, and we meant it when her first steer calf won multiple times for Holly Thomas, TX, including a huge win as Reserve Grand Champion of the 2020 Ft. » Genetic gold and plenty good enough on her own, this is going to be a tremendous cow! Her high-production dam was a high-selling heifer calf that was produced from a pregnancy that sold in this sale, and she has gone on to raise great stuff like the Bird family's multiple winner in 2019, another steer that stood second in the middle weight polled at Ft. - » This feature of our 2016 and 2019 Share the Future Sales turned into the star we knew she could be when she yielded the 2019 San Antonio Grand Champion Steer shown by Claire McCormick. She is just one of the elite options available to you in our 16th anniversary lineup, but surely one of the most important; she is definitely a great place to start.
- » The 2019 San Antonio Grand was produced from a pregnancy that Jim Simpson, Dimmit, TX, selected from our 2017 lineup and his care – along with the efforts of others - resulted in one of the most impressive and popular champions in recent years. That calf was incredible for sure and he is a flush mate to the new bull that is turning several heads at Tony Jeffs Show Cattle, TX.
- » Donor 1105 has matured into some kind of gorgeous bovine machinery. She has the style and power that makes the other cows jealous and she has a Texas club calf pedigree that we know clicks with a variety of sires today. Consider that the dam of Airhart 721, the dam of so many recent notables, is a 577 daughter, for starters.

NOTE: Here is an excerpt from our 2018 catalog: "Very few 577 daughters started off as well as this one has. Study her on sale day and mark these packages as must-haves. LOT 203B – THREE EMBRYOS BY KALIJA

LOT 203C – THREE EMBRYOS BY WAR PAINT

- » In the ranking of great exotic Hereford cows, BH Donor 841 will go down as one of the all-time best. She is the product of a time-tested Hale cow family that has been behind an outstanding array of Texas major winners, herd sires, and elite females. See Lots 20 and 201 for more information and proof.
- » Donor 841 is the dam of Tyler Allan's 2017 San Antonio Champion Hereford Steer and his dazzling sisters like the \$15,000 dam of Lot 202 that just raised the 2020 Ft. Worth Stock Show Reserve Grand Champion Steer.
- » Another Hale Donor – Cow 307 – is a daughter this 841 cow, and she raised both the Champion and Reserve Polled Hereford Steers of the 2019 Ft. Worth Stock Show as well as the first place lightweight Horned, second place heavy weight Horned, and second place heavy weight Polled steers.
- » 841 is also the dam of H-12, the proven Hale sire of two major winners in 2018 already, and his top-producing full sisters. Collectively, this cow family has been the source of the vast majority of the high-selling females that have gone through this event. This is the winning foundation.

LOT 204B – THREE EMBRYOS BY KALIJA

- » All of these Hale cows are hot, to be honest, but this cow may be the hottest!
- » The 925 keeps knocking it out of the park for her owners and her embryo customers. In fact, from her past two crops she is averaging over \$10,500 on steer calves by Kalija and Riptide.
- » Sons from this record-breaker include the Champion Hereford Steers of the 2020 San Antonio Stock Show and the 2014 Ft. Worth Stock Show and his full brother that was Champion Hereford of that same show in 2017. Another son, by Highway 36, was Colin Welper's Reserve Champion Hereford Steer at Ft. Worth in 2018.
- » Born Ranches, TX, raised a stout son of this cow that brought \$11,500 in the Power of the Plains Sale this spring plus others by Kalija brought \$19,500, \$13,000, and \$7,750 this spring while sons by Riptide averaged \$11,500 a year ago.
- » History has taught us to never doubt Bradley Hale's 3012 cow family, and this is her best daughter.

- » More of the proven stuff from the Hale foundation, this 756 donor is another great maternal sister to the Lot 203 donor and many more.
- » The Bezner family knows this cow quite well. She is the dam of their 2014 Ft. Worth Stock Show Champion Polled Hereford Steer and their 2020 Sandhills Stock Show Supreme Champion Steer that they raised from some embryos. These embryos will produce full mates to that steer.
- » The power here is in the consistency of this 0002 family that also produced the \$16,500 and \$11,000 top Hereford bred heifers of our 10th Share the Future Sale as well as our top-selling Hereford embryos. This is the good stuff.

Donor Sire: **Yellow Jacket** • Donor MGS: **OCC General**

LOT 206A – THREE IVF SEXED MALE EMBRYOS BY HERE I AM

LOT 206B – THREE IVF EMBRYOS BY MONOPOLY

- » Scott Hellbusch's 180 donor has staked her claim as one of the very best club calf producers in the game because she delivers major hits year after year, and she was recently the \$110,000-valued top seller of the 2019 Frozen Gold Sale because of her amazing consistency and potency. She is bringing her talents to Hereford and, like we always try to do, we are going to share... a little.
- » This cow is the dam of Julia Frye's 2018 American Royal Grand Champion Steer by Here I Am – that calf was also Grand at Sioux Falls and the Kansas Beef Expo plus Reserve Grand Prospect at the National Western – and multiple other major winners. Sons by Here I Am have fetched as much as \$69,500 as baby calves as this cow has totaled over \$600,000 in progeny sales alone.
- » Donor 180 is a total knockout with Monopoly as well. That combination has produced a \$56,000 baby calf plus the Grand Champion Steer of the 2015 Arizona National. Two different daughters by Monopoly were selected as the Champion Market Heifers at the 2015 Missouri State Fair and the prestigious Ak-Sar-Ben in 2016. These are not easy shows to win.
- » This cow really makes some hay, and she has the best young cow at Hellbusch's and she had his top-selling steer in 2018. Dr. Mimms brought half of Donor 180 home to add even more strength to his donor battery and she will fight hard to be the best. She is tried and true – she has 43 calves over \$4,500; 18 over \$15,000; and a pair of \$50,000 so far - and proven to have that magical ability to make the best better.
- » Donor 180 is a silver, polled, double-clean beast with feet and bone ample enough for a pen of cattle and hair to match. These embryos will get you silvers, blacks, and black & whites. They will get you noticed.

LOT 226B – THREE IVF EMBRYOS BY 10AK

- » It paid to wait here! Mimms Donor 29 is back in fine form after a couple years away from embryos sales due to low availability. She has been hitting it hard however – her most recent calf crops have been her best – and she has finally caught up allowing us to share some of her talents.
- » This cow is the dam of the donors shown in Lots 212 and 222 plus more than \$300,000 in other progeny; she ranks as one of the most valuable females ever to work in Hereford.
- » To date she claims a dozen progeny over \$10,000 including a \$26,000 son in the 2020 Mimms Calf Sale plus a trio of daughters that averaged \$9,800 in our 2018 Share the Future Sale. She claims several premium sale steers to her credit and her daughters are prized commodities – see Lot 35.
- » This cow is especially consistent. These embryos will bring you back for more.

LOT 227B – THREE IVF FEMALE EMBRYOS BY ICON

- » These things are the ticket! 4267 and Whiskey are a match made in heaven!
- » This combination produced the \$105,000 half-interest Irish Whiskey daughter that topped the 2015 Bushy Park Sale and her \$40,000 full sister, both from a frozen embryo purchase.
- » Bushy Park's heifer sold to Mason Walker, AR, and he guided her to multiple wins – sometimes in both the junior and open shows – at the world's toughest breeding heifer shows like the 2017 National Western, and the 2016 American Royal and North American International.
- » Another daughter of Donor 4267 by Irish Whiskey brought \$12,000 in the Panhandle Perfection Sale to Pryor, IA, and Bird, TX, and she is one of the only calves we've ever gotten a chance to make due to customer embryo demand.

- » Red, whites, paints, Shorthorns... get them all with plentiful power in this rig! These are some of the very last embryos we can offer from the foundation 87 cow that was very good to the Mimms and Hale herds.
- » It's hard to build one much better than this unique cow for today's show cattle game. She was massive and powerful but double clean with a pedigree that we know will be great for this combination and others. This cow was so sound on the move with great foot and bone size plus her color pattern was a great bonus.
- » Sons and daughters by Man Among Boys have been strong sellers - average \$6,500 in the steer division and \$4,400 in the bred heifers – in past sales.
- » You'll get color, good body, and easy feeding structure from these combinations.

LOT 229B – THREE EMBRYOS BY HL OSO ROJO

- » Pick your next calf crop from these flush mate sisters, both out of the awesome Donor 10 that went to the great pasture in the sky not long ago. These two sisters have been elite standouts since they hit the dirt and they have done everything right since.
- » Full brothers to these young donors include an impressive string of bulls with massive power, performance, and eye appeal; this has been one of the most consistent pedigrees we have used. More strong full sisters sell in Lot 43 plus Ryder & Riggins Day, TX, swiped a sweet one for \$11,000 here in 2019 and Johnson Cattle, TX, bought his favorite donor here – another full sister – for \$29,500 in 2018.
- » Calves from first and second calf daughters of Out There have averaged over \$4500 in the past two Mimms Calf Sales and this cow has not even had a chance yet. Early investment will pay well.

- » The flush mate sister to the Lot 229 donor, the very first calf from this cow brought \$5,300 this spring. That calf was by Size Matters and he was very impressive.
- » There will be plenty to come from these near twins whose older sisters were top sellers in each of our past two sales for average of \$20,250. Remember that their one-of-a-kind dam was a full sister to the 2014 State Fair of Texas Grand Steer and the 2020 San Antonio Champion Shorthorn Steer plus the exciting promotional bull, Mimms 5200D, plus several more. The third cow in this pedigree is a former \$28,500 sale topper to Neal Ray Davis, TX.
